EXPERIENCE

LEGO - CARS24, Design System Oct 2024 - Present

- Led the creation of a design system with 50+ reusable components, improving design consistency and reducing development time by 25%.
- Collaborated with developers to translate design system components into React for seamless implementation.
- Documented design system guidelines in Zeroheight, ensuring easy access and adoption by cross-functional teams.

Vira - Freelance Project, Fluent Design System Feb 2024 - July 2024

- Developed the foundation for the Fluent 2 mobile design tokens, standardizing the latest design language into a unified system that bridges the gap between design and engineering. This ensures accessible and cohesive experiences across M365 mobile products
- Design and developed Lumedic's multi-platform Carbonara design system. As a system advocate, I created processes to guide and educate the product design team on component guidance and design best practices.
- Refactored the component libraries using component variants and auto-layout, reducing components from 1.4k to 70, ensuring adherence to design language guidelines.
- Established a design-to-engineer handoff process to clarify communication with remote team members. This new process enabled us to develop a Storybook that perfectly matched the Figma library on a 1:1 basis.

Isols Group Pvt Ltd - Frontend Developer, Junior Designer Oct 2019 - March 2020

- Developed and maintained responsive websites using HTML, CSS, and JavaScript, enhancing user engagement by [30%].
- Collaborated with cross-functional teams to design and implement UI/UX improvements, resulting in a [5%] increase in user satisfaction.

Skills

Design Systems: Fluent, LEGO

UI/UX Design: Wireframing, Prototyping, User Research

Tools: Figma, Zeroheight, Storybook

Frontend Development: HTML, CSS, JavaScript, React

Collaboration: Cross-functional teamwork, Design-to-Engineering Handoff

Education

Master's in Computer Application

Graphic Era Deemed To Be University - Dehradun (CGPA 8.9)

Jul 2020 - Oct 2022
